# GENERAL CATALOGUE

Edition 2013

riri

COLOR CARD

Dear Customer,

We thank you for giving us the opportunity to present our colour card.

This catalogue is completely new compared to the previous versions. In the new catalogue you can choose from 295 different coloured tapes; we can obviously dye any other colour upon your request.

Our sales staff will be happy to help you with any further information you may require.

This is the first edition of the Riri group catalogue and includes the Meras range.

We would like to point out that extended use of this catalogue may cause the colours to fade. To prevent this please avoid long exposure of the pages to light sources.

There may be a slight variation in colour on different types of zip tape, this phenomenon should be considered normal.

The perception of colour can also vary in different light conditions.

New and improved products are regularly added to the range as a result of technical developments and innovations as well as aesthetical influences from the fashion field.

With our best compliments.

Gentile Cliente,

La ringraziamo per averci offerto l'opportunità di illustrarle la nostra raccolta.

Questa selezione è completamente nuova rispetto alle versioni precedenti, che sono pertanto superate e annullate.

Nella nuova raccolta potrà scegliere tra 295 colori.

Naturalmente possiamo tingere qualsiasi altro colore a sua richiesta. A tale proposito il nostro personale di vendita sarà lieto di illustrarle le modalità operative.

Come potrà notare, si tratta della prima selezione del rinnovato gruppo Riri, ed include pertanto anche i prodotti della linea Meras.

Ci permettiamo di sottolineare che a causa dell'utilizzo prolungato della presente selezione la tonalità dei colori potrebbe deteriorarsi. Per minimizzare tale eventuale sbiadimento, eviti l'esposizione prolungata di queste pagine alle sorgenti luminose.

Il colore potrebbe apparire leggermente diverso se riprodotto su nastri differenti, a causa delle caratteristiche dei diversi tessuti. Questo fenomeno è da considerarsi normale. Le condizioni di luminosità possono influenzare la percezione dei colori.

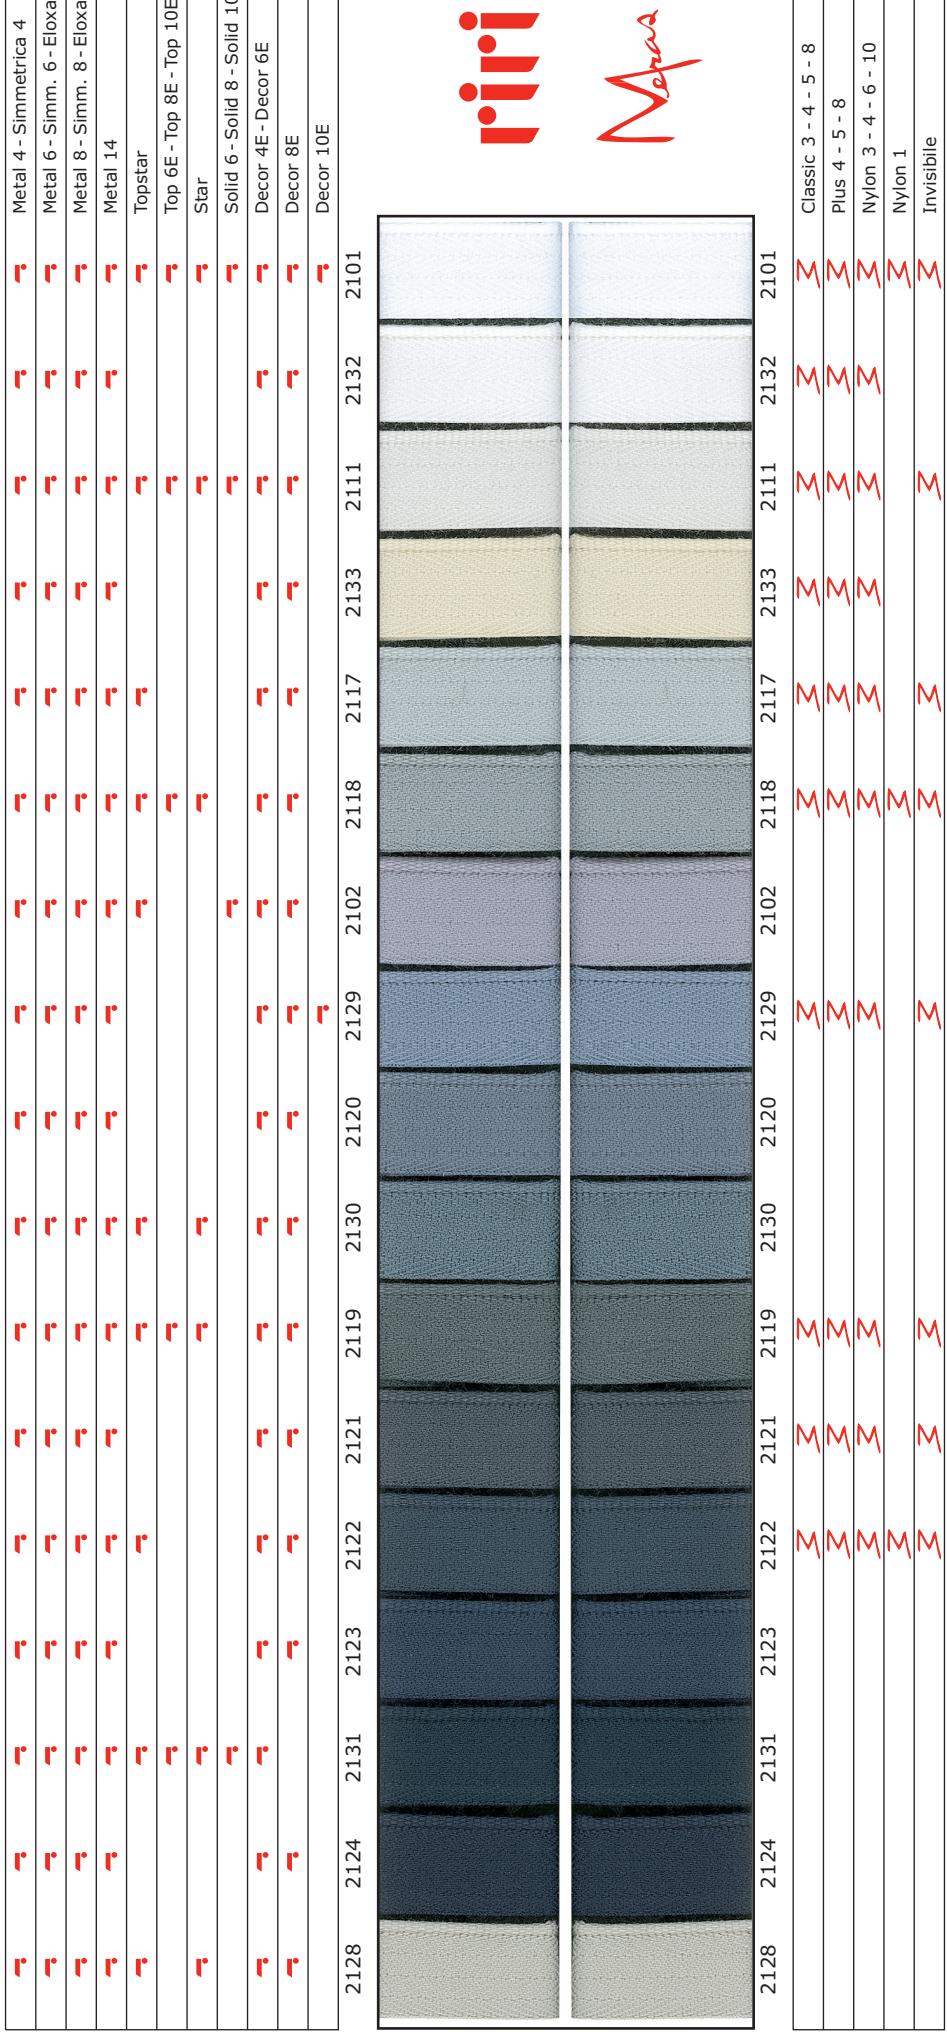

In considerazione dei costanti miglioramenti dettati da una parte dagli sviluppi tecnologici e dalle innovazioni in generale, dall'altra dalle esigenze più strettamente estetiche e dalla moda, la informiamo che i prodotti Riri sono regolarmente sottoposti a miglioramenti e rinnovamenti.

Con i nostri migliori complimenti e auguri per un proficuo lavoro.

**Aquazip, Filmetal  
and Nylon reversed  
coated color card**

Colors of this card refer only to PU coating in combination with the textile tape as per samples provided.

When ordering we require the customers to specify both colors (PU and textile tape).

As a standard, for AQUAzip, chain and slider are combined with the PU coating, unless otherwise specified by the customer.

FILMetal's chains and sliders finishes have to be always specified.

For the Nylon reversed coated family, the coil and slider's shades are in accordance to the tape's color, unless otherwise specified.

The instructions for washing and ironing the tapes can be found in the following pages below.

I colori di questa cartella si riferiscono unicamente al colore del rivestimento PU in combinazione con il nastro in tessuto.

Al momento dell'ordine, è necessario specificare entrambi i colori (PU e nastro tessile).

Per la linea AQUAzip, come standard, catena e cursore sono abbinati al rivestimento PU, se non diversamente indicato.

Le finiture delle catene e dei cursori per FILMetal, devono essere sempre specificate.

Per la famiglia delle Nylon rovesciate spalmate, tonalità di spirale e di cursore sono da intendersi in accordo con il colore del nastro, salvo diversa indicazione.

È possibile visualizzare le istruzioni dei lavaggi dei nastri in calce a ciascuna delle pagine che seguono.

We remind you that real colors may be different than they appear on the screen.  
This digital color card should be used as reference only and under no circumstance we grant any guarantee.
